South Golden Beach

A pictorial history.

WINSOR & NEWTON™

A picture can tell a Story.

To Kate, Scott and great staff at "Mrs Birdy"..... Thank You.

A picture can tell a story so I thought I'd put together some historical photos of South Golden Beach and surrounding areas as I have lived here for 44 years.

I have always considered that living here was a privilege, even in the good and not so good times. I have never regretted moving here in 1980. At first some people would question why we chose to live here as South Golden Beach was considered by some as the "Third World of Byron Shire". Ocean Shores was also called "Open Sores" by some. At first we rented in Gloria Street and there were only 7 houses in the street. There was lots of space, very few trees surrounding and some wonderful people welcomed us into the neighbourhood. We felt so lucky.

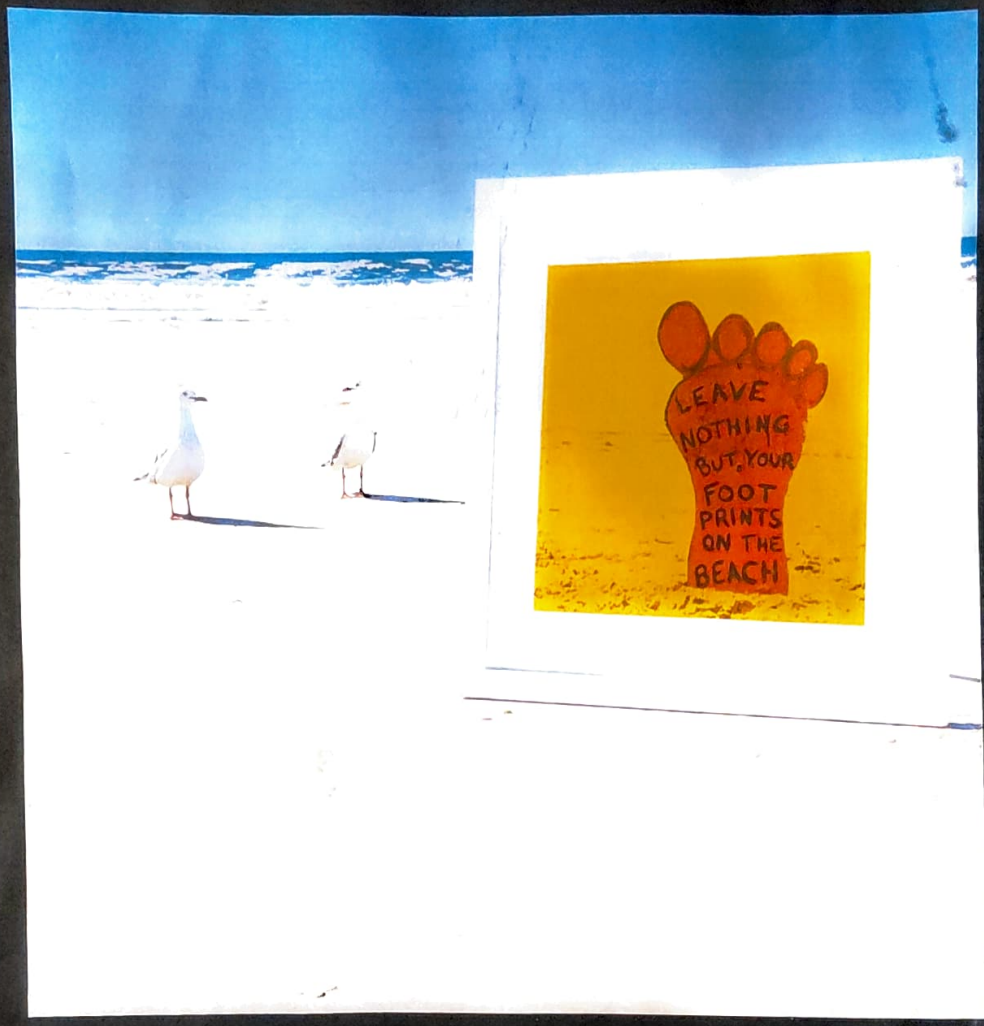
My first block of land was in Gloria St for $15,000. We backed onto the easement and Berrimbilla court (with only 7 houses) so my backyard used to be the volleyball court for me and my friends. It was pretty laid-back in those days and there was a good sense of community. There was no hall, park or Mrs Birdy's Cafe however the beach was a good place to connect with others.I remember organising volleyball on the beach with the locals and we had some great times. There was a strong sense of community. Years later committees were established in South Golden Beach and the hall became a reality. There were some great functions held there for locals and the wider community.

Over the years there were plenty of adversities living here including floods, fires and beach erosion.I've gone back into my archives and found photos and news clips that reflect some of those times which were challenging and threatening however we pulled together when and where we could.

I also included photos of residents who pulled together when the Fern Beach development was brought to our attention. The community rally was in opposition to the mega development that was planned. The outcome was a much smaller development and more Nature Reserve.

I remember clearly in the times of adversity people would come together and help each other.

Many years later we still have a great community with many people working behind the scenes for the benefit of the community at South Golden Beach and surrounds.



Beautiful South Golden Beach.

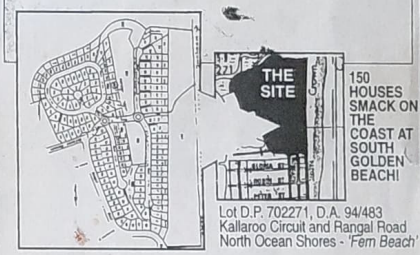
A community protest on the Beach. Protestors wrote the sign 'NO FERN BEACH' with their bodies. A small plane with a banner flew by and captured the image, by a protestor. A rally followed with guest speakers.

You can destroy this beach without lifting a finger.



150 HOUSES SMACK ON THE COAST AT SOUTH GOLDEN BEACH!

Lot D.P. 702271, D.A. 94/483
Kallaroo Circuit and Rangal Road
North Ocean Shores - *'Fern Beach'*

Sth Golden Beach is in danger!

Byron Shire Council needs *your* help in deciding the fate of *your* part of Australia's unspoilt coast.

A proposed sub-division would dump 150 houses smack on the coast at South Golden Beach.

If you object to this sub-division and its threat to the beauty of *your* environment, act now!

It's not too late. Write to Council; conservation groups like BEACON, CONOS, etc; the media - Echo, Byron News, NRTV, etc; and/or your state and federal politicians. Talk to your friends and neighbours, and encourage them to do the same.

If you don't object, it *will* be too late. Yet another part of our shire will be gone *forever*. Yet another part of our Australian coast gone *forever*.

Lift a finger. You may wish to base your objections on: (1) gross inappropriateness (2) destruction of flora and fauna (3) increased traffic, with 1,500 projected car movements per day (4) increased pollution (5) potential flooding (6) sewerage overload (7) inadequate school facilities (8) restricted public access to your beach (9) lack of services and infrastructure to handle such development.

Information and correspondence:
PO Box 77, Brunswick Heads 2483

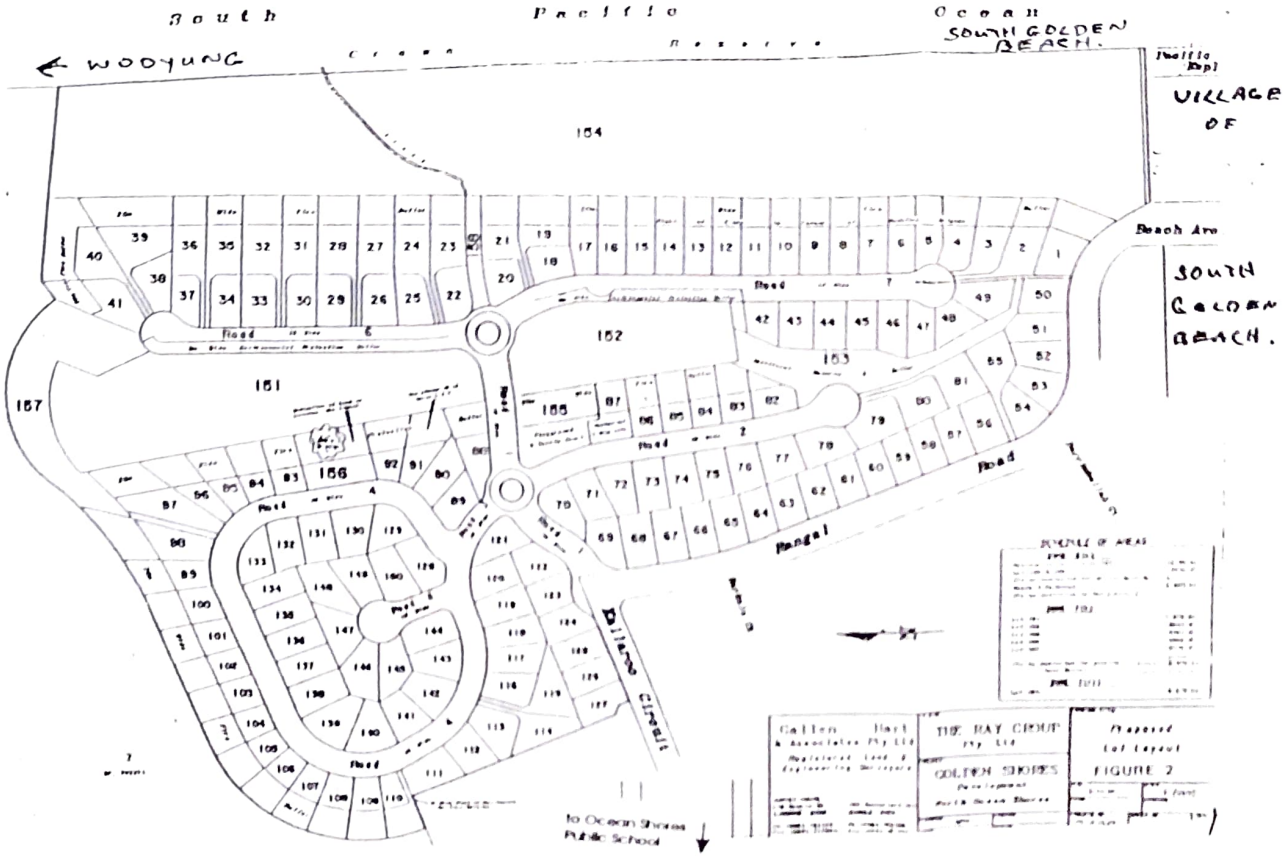
NORTH OCEAN SHORES



Byron Council needs your help in deciding *THE FATE* of this part of Australia's coast.

IF you object to this subdivision, *ACT NOW!*

IT'S NOT TOO LATE! Write to Council, conservation groups (BEACON, CONOS), the media (Echo, Byron News, NRTV) and your state and federal politicians.

IF you don't object, *IT WILL BE TOO LATE.*

'Another part of the shire gone
Another part of the Australian coast gone'

You may wish to base your objections on:

1) gross inappropriateness
2) destruction of flora and fauna
3) increased traffic (1500 projected vehicle movements per day)
4) increased pollution
5) potential flooding
6) sewerage overload
7) inadequate facilities at local school and limited public access to beach

If you need further inspiration, check out that beautiful cover on Council's latest (1993) Management Plan and annual report. It says it all. (Also check out page 9 of same).
